**RE: Anticipated July 2017 Production Level – North Ingot Casting
Arconic Inc. – North Plant
NPDES Permit Number TN0067199
Blount County**

Dear Ms. Benton:

Part I, E.3 (1) of the above referenced NPDES permit requires that the anticipated level of production for the North Ingot casting facility must be reported to the Director of the Division if the production rate will be greater than the lowest level of production (tiered limits based upon production) identified in the permit. For the month listed above, the production level is anticipated to be in Tier IV, 0.96 million lb/day \leq 1.16 million lb/day.

If there are any questions, please contact Devin Belleau at (865) 977-2403.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey C. Weida", is written over a horizontal line.
